Section 14 (Video 14)

1) Is it true that police enforce acts and statutes on people who have no idea what they are or how they apply to them and bully those they arrest into giving statements by delaying or depriving that person due process?
2) Is it true police say anything and do almost anything to get you to sign their voluntary contract that creates currency for their department?
3) Is it true police trick people and that is trickery in contracting which is fraud?
4) Is it true police do this by getting people to sign corporate contracts without full disclosure as all forms with charges on the paper are in fact security interests and worth money?
5) Is it true that by signing any police or court paperwork you give up all human rights for corporate person-hood privileges and you are agreeing to be surety or collateral on the alleged offenses regardless of guilt or innocence?
6) Is it true that if you sign the paperwork you are the debtor and liable so you in the sense of money and credit are guilty as debtors and have no rights under commercial law?
7) Is it true that most police do not understand any of this?
8) Is it true that all government systems only recognize a body corporate in their computer systems spelled in ALL CAPITAL LETTERS?
9) Is it true that grammatically a human being can not be entered so they can not confirm your identity or that you will show up to court and they use this to hold you?
10) Is it true Acts and Statutes are not law but are only given the force of law to those who consent to contract with that corporation?
11) Is it true police have been trained to act against the people of a community and they are taught to physically regulate the people with force not compassion?
12) Is it true that if people claim their lawful rights that police would once again be peace officers not corporate act and statute law enforcement on bodies corporate?
13) Is it true that all Canadian Citizens are defined as a body corporate legally?
14) Is it true that police can only use what you say against you in court and can not use it to help you?
15) Is it true that they are not impartial?
16) Is it true that legality usurps lawful human rights and in fact destroys them?
17) Is it true this is a quote from the Supreme Court of Canada “Negligent policing has been recognized as a significant contributing factor to wrongful convictions in Canada?
18) Is it true the system has been corrupted and government agencies and police who are supposed to uphold human rights now use corporate law to circumvent protocol and enforce legislated rules that are not common law and should not apply to free human beings?
19) Is it true that under Common Law or Natural Law human beings can regulate their own law within societies of human beings?
20) Is it true that human beings do not need permission to engage in any lawful act the government can issue a license for from growing weed to driving a private automobile, fishing, hunting etc?
21) Is it true that a body corporate does need permission to do lawful acts in the form of a license?
22) Is it true that this is the key to why you pay income tax and are so regulated?
23) Is it true that most police are ignorant of where their authority comes from under the police act and which roles apply in which situations? Ex) Gaming officer, statute enforcement and Peace Officer.
24) Is it true there is a difference between a police officer and a peace officer?
25) Is it true that the whole reason business people open corporations is to not be personally liable and it is very underhanded that the government, the bar association, agents for the crown which is a private self regulated organization along with law enforcement trick its citizens to contract as corporation without insurance so they are personally liable?
